

# Maid Job Description

---

- Cleans the house and takes care of everything in the house
- Prepares breakfast for their employers
- Prepares lunch and dinner for their employers
- Assists their employers with any repairs in the home
- Takes the children to school or extra class if they want to acquire more knowledge
- Puts children to bed after dinner and reads a story before sleeping time
- Asks permission from the homeowner before inviting friends, so no one gets offended or inconvenienced when friends come by unannounced
- Keeps a neat and clean look at all times and maintains a clean uniform
- Keeps the property safe, secure, and clean for the family
- Cleans the yard of their employers if they have one and maintains it in good condition so that it looks beautiful always
- Asks permission before doing small repairs like fixing the toilet or faucet or changing an old shower handle so they don't make it worse
- Checks the locks before entering a client's home. This is to ensure that it is not being broken into by anyone who may be looking for something in the house.
